B. Read the passage and answer the questions. (4 PTs)

Money is what you use to buy things. Money is very important in our world and comes in many different forms. People have been using money for hundreds of years. Before money gave specific values for things, people simply traded items. In the United States, we use the dollar as our currency or money, but people in different parts of the world use different currencies, though some countries also use or accept our dollars. People earn money from the jobs they work and use that money to save for the future, pay for their houses, cars, food, taxes, medical needs and household items among other things. Even things such as turning the lights on, using the air conditioning or heat, and connecting to the internet cost money.

True or False?

- 39. The dollar is used in every country in the world. a. True b. False
- 40. Money can only be used to save for the future. a. True b. False

Answer the following questions.

- 41. What did people do before there was money?
- 42. How long have people used money?

(Good Luck)
